RUSSIAN SQUADRON IN FRENCH HARBOR

Rojestvensky Stayed Over The Limit In Neutral Port.

RUSSIANS HAVE LITTLE SICKNESS

Authorities at St. Petersburg Have Utmost Confidence in Their Commander in China Sea—No Naval Engagemen Has, as Yet, Occurred.

Tokio, April 18.—It is calculated here that the Russian squadron arrived at Kamranh bay at noon April 12, and therefore had been occupying the port 48 hours when seen at noon April 14. The information was received regarding the vessels of the Russian squadron being seen at Kamranh bay April 14 reached Tokio today and was given to the public through a brief communication from the navy department. The news was a surprise because it was generally doubted that France would permit the use of her ports to a belligerent squadron engaged in offensive operations. The Japanese government is silent on the subject of its intentions, but it is

expected that it will make immediate representations to France.

The response of France is eagerly awaited, particularly as to whether France admits the squadron was within territorial waters when off Madagascar. If she denies it in this instance it will give Japan an opportunity to attack the Russian vessels without violating France's neutrality.

Many people continue to believe the Russian squadron will speeadily leave Kamranh bay and continue its voyage northward.

Will Guard Against Torpedo Attacks.

St. Petersburg, April 17.—11:55 a. m.—The news that vessels of the Russian squadron have put into Kamranh bay, north of Cape Padran, off the east coast of Cochin China, bears out statements contained in these dispatches a week ago to the effect that Admiral Rojestvensky probably would seek shelter off that part of Cochin China coast and there coal and make his final preparations before embarking on the final stage of his journey.

No definite information is obtainable as to the length of the squadron's stay at Kamranh bay or whether the warships have already sailed, the admiralty even if it knows being naturally silent on this point.

"You may be sure," said the officer, "that every precaution will be taken against a torpedo attack. Rojestvensky can be relied upon to protect his ships."

Among the naval contingent the idea that Admiral Rojestvensky has divided his squadron is not entertained.

Supplies for Japan.

San Francisco, April 18.—The steamship Manchuria sailed for the Orient today with a cargo of 10,000 tons of freight, mostly for Japan. The cargo is mostly of a character to be considered contraband of war by the Russians, and consists of not only foodstuffs, but heavy machinery for the railroads and bridges of Manchuria. In view of the possibility of Admiral Rojestvensky defeating Admiral Togo on the sea, some anxiety is being felt regarding the safety of the Manchuria and she will call at midway island to receive instructions.

Japanese Capture Colliers.

Saigon, April 18.—The Japanese recently captured a large number of coal laden [illegible] coast of Cochin China.

Six [illegible] supposed to be Japanese landed some days ago at Cape St. James, near here, from an Annamez junk, and after a brief stay re-embarked. A number of Russian war ships are anchored in Kamranh bay where they are victualling.

The steamer Frideu, which was purchased by a local French firm, sailed yesterday evening with a full cargo of provisions for the squadron.

The health of the Russians is remarkably good. Only eight deaths from disease have occurred since their departure from Europe, out of an effective totaling 18,000.

A Russian officer suffering from beri beri is in the hospital here. The other sick men who were brought here by the Russian hospital ship Oriel including Prince Centacuzene, but the reports that the Oriel has wounded men on board are unfounded as there has been no fighting up to the time of her arrival.

RAILROAD STRIKE IN ITALY.

However, Some of the Workmen Refuse to Leave Their Jobs.

Rome, April 18. The strike of railroad men which began today was not as much of a success as expected.

Some of the men refused to strike and published a manifesto saying they could not risk the bread of their families. With these men and a military escort one train left Rome on each line. A car on each train was converted into a prison for use if arrests are necessary during the journey.

Notwithstanding the uncertainty of such traveling many passengers left this city for Naples, Florence and Pisa.

The leaders of the movement are trying to bring about a general strike of all workmen, but they had little sympathy. It is certain the government will entrust the military authorities with the maintenance of order. Five menof-war have been ordered to Genoa to maintain order.

The strike is in protest of the new bill presented by the Fortis cabinet because it provides for the dismissal of those who go on strike and does not maintain an arbitration clause.

Chicago's Death Rate.

Chicago, April 18.—In closing his ten years' service as commissioner of health for the city of Chicago, Dr. Arthur R. Reynolds, presents in his annual report significant data showing the decrease in the death rate of the city. During the ten years from 1885 to 1894, inclusive, the yearly average rate of death was 16.62 in every 1,000 of population. During the succeeding ten years the rate decreased to 15.1 in every 1,000 of population. That means that there were 96,034 fewer deaths during the past decade than there would have been if the death rate has not fallen below that of the preceding ten years.

Hear Sermon By Telephone.

Chicago, April 18.—The first "Sermon by Telephone" ever preached in Chicago has enabled Mrs. Mary F. DeBlois, who is quite deaf, to follow every word of the first sermon she has heard in 25 years. The sermon was preached by her son, the Rev. Austen K. DeBlois at the First Baptist church. Although he was ordained seven years ago, Mrs. DeBlois never had heard her son's voice from the pulpit another dearest wish was gratified. Seven other persons of impaired hearing also were able to understand everything the minister said.

Fortune for Dead Man.

Norfolk, Va., April 18.—Thomas Yandell, a conspicuous figure in Norfolk [illegible] years, cashed up to the tune of [illegible] at the time of his death that he was entitled to a large fortune in California. Five years ago he was adjudged a lunatic and sent to the Eastern Virginia asylum at Williamsburg. Two years ago he died and was buried in a pauper's grave at the asylum. A letter has just been received here by a local attorney from the Pacific coast stating that Yandell was entitled to a large portion of an estate in California worth upwards of $1,000,000. Yandell's wife was dead and he left no heirs.

NAN PATTERSON ON TRIAL FOR THIRD TIME

Actress Will Again Face Jury On Murder Charge.

NEW DEVELOPMENTS EXPECTED

Her First Trial Was Interrupted by Sickness of One of the Jurors—The Second Was a Mistrial—Great Interest Shown in the Third Trial.

New York, April 18.—With the last known objection to the beginnig of the trial removed, it was expected that Nan Patterson, the former show girl would appear in court for the third time today to answer the charge of killing Caesar Young, a wealthy bookmaker and turfman.

Young was shot to death while riding in a sansom cab with Miss Patterson on the morning of June 4 last.

The first trial was interrupted by the illness of a juror when it was about half finished, and then there was a wait of months before the girl again publicly faced her accusers. This time the jury after hearing all the evidence was unable to agree, and she

NAN PATTERSON.

was obliged to go back to the Tombs prison to await the convenience of the court and the district attorney before makisg another effort to regain her freedom. When there seemed no prospect of an immediate trial, Miss Patterson's counsel procured a writ of habeas corpus about a month ago, and had her taken to the supreme court, where a request was made that a date for trial be fixed at once or the young woman released on bail. As a result of these proceedings, District Attorney Jerome was ordered to place Miss Patterson on trial before May 1. A few days later it was announced that April 10 had been assigned for the beginning of the trial. A few days before that date, however, J. Morgan Smith and his wife ,Miss Patterson's sister, who had been sought by the prosecution for months as witnesses against the young woman, were located in Cincinnati. The grand jury indicted them on a charge of conspiracy in conection with the Patterson case and they were arrested and held for extradition. Their refusal to come to New York voluntarily resulted in a postponement in the opening of the trial until today. In the meantime the Smiths gave up the fight against extradition and they are now in the Tombs. Since their return from Cincinnati, however, it has been said that they may not be called as witnesses after all.

It is expected that the present trial will develop some features that were altogether lacking when the case was in the courts before. Rumors of new witnesses and promised sensations by both prosecution and the defense were plentiful today. None of these probably will be brought out for some time, however, and it is expected that several days at least will be required to select a jury.

The trial of Nan Patterson for the murder of Caesar Young, which was postponed from last Monday was again postponed today when the case was called in the court of general sessions.

The delay this time, however, will probably be only for 24 hours, since the only thing awaited is the final ruling of Justice Gaynor on a motion asking that District Attorney Jerome be ordered to surrender the papers confiscated when J. Morgan Smith and his wife were arrested at Cincinnati. The motion for an adjournment until tomorrow which was made by District Attorney Gans was strenuously opposed by counsel for the prisoner.

STRIKE SITUATION IN CHICAGO.

No Settlement in Sight—Other Unions May Aid Teamsters.

Chicago, April 18.—Exasperating difficulties were experienced at every turn today by the wagons of Montgomery, Ward & Co., whose teamsters and garment makers are on strike.

At the Michigan Central freight houses in South Water street the police well escorted the Ward caravans, but met with stubborn opposition on the part of the teamsters in sympathy with the strikers. The anti-Ward teamsters loaded or unloaded their wagons with provoking slowness and told the police:

"We are not pieces of machinery."

Many of the teamsters in the street leading to the freight houses insisted that they had been waiting for two hours and when the police made way for the Ward wagons to be loaded earlier than other wagons, there was a loud complaint from each teamster. Members of the Freight Handlers' union gave instructions that unless the police ceased to give the Ward wagons the right to unload before the teamsters who had been waiting ahead, a strike among the freight handlers would be ordered.

The crowd at the West Side warehouse of Ward & Co. was so unyielding that when a caravan of the firm's reached the place the police were forced to use clubs to make a passageway. C. A. Richmond, of Plymouth, Ind., a spectator, ran towards a saloon when he saw the police charge the crowd. His hand was caught in a door and badly crushed.

Three Hurt In Collision.

Atlanta, April 18.—Three men injured, one painfully, is the result of a collision between two Brookwood cars at 6:32 o'clock Monday morning near the residence of A. G. Rhodes, in Brookwood. M. F. Tuggle, the motorman on the incoming car, is in the Grady hospital with one leg badly sprained and with a bruise on the hip. G. A. Strickland, the conductor of the same car, had his teeth knocked out, and George Allen received a slight cut on the forehead. Another man received a slight cut on the back of his head. The collision is said to have been due to the fact that there was a misunderstanding about the schedule of the car which goes out to Brookwood early every morning to take the employes of the guano works.

Believe Negroes Killed Woman.

Little Falls, Minn., April 18.—The dead body of Annie Rintop was found in the woods about 4 miles from here this morning. It was entirely stripped of clothing, a handkerchief was tightly twisted about her neck, the head was a mass of bruises and there were evidences of outrage. Two negroes were seen in the vicinity of where the body was found and search is being made for them. If caught it is feared a lynching will follow. A posse has been organized and the country is being scoured in search of them.

Peru Getting Ready for War.

New York, April 18.—Assertions are made by the Journal of Commerce, says a Herald dispatch from Rio de Janeiro, that Peru is making great military preparations against Brazil or Chile. The government has bought 30,000 rifles in Austria, 90,000 in Germany and three armored cruisers in Italy, the paper declares. It is also said that the Peruvian government is about to adopt compulsory military service. The Peruvian government denies the statements.

French Cruiser at Charleston.

Charleston, S. C., April 18.—The French cruiser Troude, Captain Montet, now in port from Havana, will probably sail today for Washington. The cruiser previously stopped in on her way south and officers and men have been renewing acquaintances.

From reports received the peach and apple crop is damaged at least [illegible] per cent.

Great Damage at Norfolk, Va.

Norfolk, Va., April 18.—The formation of ice throughout the vast Norfolk country trucking section last night did great damage.

Weather Forecaster Gray made inquiry from all sections in the trucking belt today as to the damage done by the freeze. He was told by a number of big truckers on the western branch of the Elizabeth river that all vegetation now out of the ground had been destroyed, including strawberry blossoms, beans, peas and other early crops.

One or two growers on the Norfolk city side of the river reported that an examination of strawberry blossoms showed them to be unhurt, and that no damage had been done to other crops so far as could be told.

Ice In South Carolina.

Greenville, S. C., Apr. 18.—A killing frost visited this section this morning, fruit and early vegetables being badly damaged. Ice formed in many places.

Little Damage in Kentucky.

Lexington, Ky., April 18.—The fruit section of central Kentucky was apparently passed by the crisis of the last 24 hours in safety. The leading nurserymen say that none of the fruit has suffered. Young tobacco plants also are unhurt.

Grave Fears for Berry Crop.

Nashville, Tenn., April 18.—There was a heavy frost here this morning and at 6 o'clock the government thermometer registered 33 degrees. Grave fears are felt for the strawberry crop. Peaches are too far advanced to be materially injured.

Ice and Frost at Rome, Ga.

Rome, Ga., April 18.—A heavy frost and considerable ice this morning has played havoc with the fruit crops and gardens in this section. Farmers say vegetables are killed and apples and peachs were damaged 50 per cent.

Stetson Sued for $1,000,000.

Jacksonville, Fla., April 18.—Argument on demurrer to pleas was argued in the federal court today in the cases of Lena B. Mathes and John F. Forbes against John B. Stetson, for slander. The amount of damage claimed in the four cases aggregated $1,000,000. Stetson, the well known hat man, of Philadelphia, Pa., founder of the Stetson university at DeLand Fla., Mathes, the woman, and Forbes, members of the factulty when the scandal arose concerning them, leading to a request for their resignations. Subsequently four suits were filed against Stetson for defamation of character, each suit being for $250,000.

Socialists to Locate in Cuba.

Alexander Carson as agent, has left for Cuba to negotiate for the purchase of land and the other members of the colony will start as soon as the deal is closed.

PROCEEDINGS OF THE LEGISLATURE

Mr. Noble's Governor's Mansion Bill Did Not Go.

MANY OTHER BILLS READ

Some Were Introduced, Others Were Placed on Second Reading and Engrossed, While Still Others Were Killed—Prominent Visitors.

Tallahassee, April 18.—The House members tackled the subject of a Governor's mansion Monday morning, and while the members objected to the particular bill under discussion, it was evident that a majority of the House favors an appropriation for the building of a Governor's mansion under certain conditions. The bill under discussion was the one introduced by Mr. Noble of Lake. The committee to whom it was referred reported it adversely, and the chairman of the committee explained that such action was against that particular bill, and was not the sense of the committee on the proposition. The bill was laid on the table by a vote of 44 to 14, but many explained that they favored the proposition to build a Governor's mansion, but did not approve the method suggested in Mr. Noble's bill.

In the House Monday morning, General Jewell of Orange offered a petition from the Florida division, United Confederate Veterans, to remove the age limit of sixty-five years from the pension laws of Florida.

The select committee on State institutions and the public health committee were allowed a clerk.

Mr. Noble of Lake offered a concurrent resolution relative to appropriations for institutions of learning—for a joint committee of seven, to examine into benefits now derived by the people at large from these institutions, whether any of the schools can be dispensed with, and which ones—designating under what name and character and for what purposes such institutions shall be retained.

Mr. Pirrong of Calhoun offered a resolution for a special committee of nine, five from the House and four from the Senate, to select and designate such colleges of this State to be the recipients of State aid, and to create a fund to be set apart for the support and maintenance of said colleges.

By Mr. Bryan of Washington—To provide revenue for the State from collateral paper, mortgages, notes, contracts, liens, loans and all other papers given for a consideration and entitled to be recorded in any county in this State. The fee fixed is 20 cents on each $100.

Order of the Day.

General Jewell's motion to reconsider the vote by which the bill relating to carrying of firearms requiring the securing of a permit to carry a shotgun, was taken up. The motion prevailed, and the bill was made a special order for next Monday at noon.

The bill by Mr. Wartmann of Marion, relating to binding witnesses over by justices of the peace and county judges, when sitting as committing magistrates, to appear before the grand jury, was passed 48 to 0.

Mr. Jewell's concurrent resolution regarding the return of the Florida battleflags was adopted.

Mr. Stockton's bill creating a board of control for the educational institutions of the State when reached on its second reading was made a special order for next Monday at 4:30 p. m., in order that it might be fully considered.

Dr. Crill's pure food bill was ordered printed, so that its provisions may be more fully understood before further consideration.

Judge Raney announced that the next hearing in the Baskin-Brown contest would be held at the usual place on Wednesday afternoon at 4 o'clock, and he stated that all were invited to attend. The Senate then adjourned.

On motion of Senator McCreary, the bill to create a general State board of trustees for all State educational institutions was made the special order in the Senate for Monday afternoon at 4:30 o'clock. The debate on this matter was most interesting. It was desired to call up the bill Wednesday, but after a short debate the Senator from Alachua carried his point. Several hundred copies were ordered printed.

Young Men Burned to Death.

Otis, Mass., April 18.—George McMahon, of Westfield, and Joseph Barrett, of Manchester, Conn., both young men, were found burned to death here in the ruins of a shanty occupied by an Italian known as "Johnny George" in Otis. The origin of the fire is a mystery, and there is some suspicion of foul play, although one explanation is that the men, returning to the shanty late, built a fire and went to sleep, and the building caught fire from an overheated stove. McMahon and Barrett were lumber men.

I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

ODD FELLOWS ARE DOWN TO BUSINESS

First Session of the Grand Lodge Was Held Tuesday Morning.

GRAND MASTER RALPH PRESIDED

Opening Exercises of the Day Were Held in the Tabernacle With a Large Attendance—Reception of Odd Fellows at the Dormitory Tonight.

The opening day of the session of the Grand Lodge of the Independent Order of Odd Fellows was one full of glory as far as nature was concerned. There was just the proper temperature to cause those who proposed to participate to feel good, and those who were managing the affair were happy when they awoke early in the morning to find a clear, blue sky, with every indication of the weather being favorable. A great many of the representatives from various sections of the State awoke early and walked about the city, admiring the beautiful water oaks and the surroundings, and returned to their respective boarding houses and stopping places to thank themselves and the actions of their brothers at the last Grand Lodge meeting for selecting Gainesville as the meeting place for 1905.

The day's program was opened with a march from the Masonic Hall, where the Grand Lodge meetings are being held, to the Tabernacle, where the opening ceremonies were held. The procession formed at the Masonic Hall at a few minutes before nine in the following order:

The Formation.

Battalion of cadets from East Florida Seminary, under command of Cadet Major Graham.

Young ladies students of East Florida Seminary, under direction of Major W. L. Floyd, and commanded by Captains Miss DaCosta and Miss McLain.

Colfax Rebekah Lodge and visitors of Rebekah degree.

Grand Lodge officers and representatives.

Members of Center Lodge No. 11, I. O. O. F., and visiting brothers.

The procession when complete was fully a block and a half long, and presented a most inspiring spectacle.

Opening Exercises.

The procession moved to the Tabernacle, where the opening ceremonies were held. The meeting was opened by prayer by Rev. S. B. Rogers, pastor of the First Baptist Church, who delivered a most beautiful and appropriate invocation for the "health, happiness and safety of the members of the order," etc., concluding with the remark that he hoped their stay among the people of Gainesville would be pleasant, and that they would receive great good from the meeting which was about to transpire.

In the absence of His Honor Mayor W. R. Thomas, who is in Tallahassee, Hon. Horatio Davis, in a most eloquent and friendly manner, welcomed the visitors to Gainesville, and hoped they would enjoy themselves while guests of our little city.

Captain George M. Lynch, one of the most eloquent speakers in the State, welcomed the visitors in behalf of Center Lodge No. 11. Captain Lynch delivered one of the most impressive addresses of his life, which is saying a great deal, and at its conclusion he was applauded heartily.

The response to the address of welcome was responded to by Grand Master Thos. W. Ralph of St. Augustine, who is an excellent and eloquent speaker. His remarks regarding the city were very complimentary and the order most appropriate.

Grand Lodge Organizes.

At the conclusion of the ceremonies at the Tabernacle the officers and members of the Grand Lodge returned to the Masonic Hall, where they held a morning and afternoon session. These sessions were full of interest, as there was a great deal of important work to be attended to.

In the evening the Rebekah degree held a meeting at the opera house, when work was conferred upon several candidates by a team from Naomi Lodge, Pensacola. The work was said to be very impressive, the members of this lodge manifesting especial pride in the secret work.

Encampment Meeting.

Through an oversight The Sun omitted to state that, at the meeting of the Grand Encampment, I. O. O. F., held Monday, the following officers were elected for the ensuing year:

George R. Pierce of Key West, G. P.; Thos. C. Watson of Pensacola, G. V. P.; W. J. H. Taylor of Key West, G. S. W.; N. E. Benson of Gainesville, G. J. W.; Thos. W. Ralph of St. Augustine, G. M.; J. W. Blanding of Gainesville, G. I. G.; —. — Hendry of Orlando, G. O. G.

On Monday evening Alachua Encampment No. 9, J. G. Torrey, Chief Patriarch, held a special session, at which seven applicants were initiated into the mysteries of the order by a special team composed of Grand Lodge representatives.

PROCEEDINGS OF THE LEGISLATURE

Mr. Noble's Governor's Mansion Bill Did Not Go.

MANY OTHER BILLS READ

Some Were Introduced, Others Were Placed on Second Reading and Engrossed, While Still Others Were Killed—Prominent Visitors.

Tallahassee, April 18—The House members tackled the subject of a Governor's mansion Monday morning, and while the members objected to the particular bill under discussion, it was evident that a majority of the House favors an appropriation for the building of a Governor's mansion under certain conditions. The bill under discussion was the one introduced by Mr. Noble of Lake. The committee to whom it was referred reported it adversely, and the chairman of the committee explained that such action was against that particular bill, and was not the sense of the committee on the proposition. The bill was laid on the table by a vote of 44 to 14, but many explained that they favored the proposition to build a Governor's mansion, but did not approve the method suggested in Mr. Noble's bill.

In the House Monday morning, General Jewell of Orange offered a petition from the Florida division, United Confederate Veterans, to remove the age limit of sixty-five years from the pension laws of Florida.

The select committee on State institutions and the public health committee were allowed a clerk.

Mr. Noble of Lake offered a concurrent resolution relative to appropriations for institutions of learning—for a joint committee of seven, to examine into benefits now derived by the people at large from these institutions, whether any of the schools can be dispensed with, and which ones—designating under what name and character and for what purposes such institutions shall be retained.

Mr. Pirrong of Calhoun offered a resolution for a special committee of nine, five from the House and four from the Senate, to select and designate such colleges of this State to be the recipients of State aid, and to create a fund to be set apart for the support and maintenance of said colleges.

Mr. Johnston of Pasco offered a resolution tendering the Hall of Representatives to the Good Roads Convention on the evening of April 25. This was adopted.

Introduction of Bills.

The following new bills were introduced:

By Mr. Wells of Hillsboro—A memorial to Congress to amend pension laws of United States increasing Mexican War pensions from $8 to $12. Also a bill for relief of David L. Crum. Also a bill to validate a bonding ordinance of the city of Tampa, an election thereunder and the bonds issued in compliance therewith.

By Mr. Paul of Holmes—Relative to working and maintaining public roads and bridges in this State.

By Mr. Wartmann of Marion—To authorize Ocala to combine certain offices of the city and for other purposes. Also, a bill authorizing Ocala to assess and collect certain taxes.

By Mr. Johnston of Pasco—To amend the law relating to obtaining money under false pretenses, and violation of contracts. Also, a bill relative to the right to and life of executions. Also, a bill to amend Chapter 5260, relative to the employment by county commissioners of labor of persons committed by county courts and held in jail for misdemeanor, but not convicted.

By Mr. Dorman of Suwannee—Relating to delivery of messages by telegraph companies and others in towns of 500 or more inhabitants.

By Mr. Smith of Volusia—Relative to the municipality of New Smyrna.

By Mr. Kirkland of Lake—To provide punishment for pools, trusts and conspiracies to control prices.

By Mr. Bryan of Washington—To provide revenue for the State from collateral paper, mortgages, notes, contracts, liens, loans and all other papers given for a consideration and entitled to be recorded in any county in this State. The fee fixed is 20 cents on each $100.

Order of the Day.

General Jewell's motion to reconsider the vote by which the bill relating to carrying of firearms requiring the securing of a permit to carry a shotgun, was taken up. The motion prevailed, and the bill was made a special order for next Monday at noon.

The bill by Mr. Wartmann of Marion, relating to binding witnesses over by justices of the peace and county judges, when sitting as committing magistrates, to appear before the grand jury, was passed 48 to 0.

Bills on Second Reading.

The bill to enlarge the powers of the city of Daytona, introduced by Mr. Smith of Volusia, was read the second time and ordered engrossed.

Mr. Crawford's bill relating to the posting of lands, and Dr. Julian's bill to legalize and validate all warrants heretofore issued by boards of county commissioners for work and materials in constructing court houses and jails for county purposes, were read the second time and ordered engrossed.

Committees Announced.

Speaker Gilchrist announced the following committees:

Members on the part of the House to visit the convict camps—Messrs. Robison of Leon, Tillman of Alachua and McElroy of Levy.

Members on the part of the House to visit the Florida Hospital for the Insane—Messrs Knight of Citrus, Fillingim of Escambia and Sledge of Jefferson.

Committee to draft resolutions in respect to the memory of the late chief clerk of the House, Dr. William Forsyth B. Bynum—Messrs. Crawford of Orange, Hall of Suwannee and Parsons of Columbia.

In the Senate.

The Senate met at 4 o'clock Monday afternoon and necessarily held but a short session. New bills introduced included the following:

By Mr. Hudson—To create St. Lucie county and to provide for its organization and government. This is a proposition to divide Brevard county. Mr. Hudson also introduced a bill to punish the sale, gift and exchange of intoxicating liquors with the Seminole Indians.

By Mr. Massey—To amend the revised statutes relating to petty larceny.

By Mr. Blount—To amend the law providing the government of the city of Pensacola.

By Mr. Harris—To provide for the appointment of State game commissioners and county game wardens, and to repeal the act of 1897.

By Mr. Brown—Authorizing the city of Ocala to make assessment and provide for collection of taxes; also, authorizing the city of Ocala to combine certain offices.

By Mr. Gillen—Authorizing city or town clerks to appoint deputies; also, requiring councils and boards of aldermen to hold open sessions.

The House bill amending the law relating to the powers of the City Council of Live Oak was passed.

Mr. Jewell's concurrent resolution regarding the return of the Florida battleflags was adopted.

Mr. Stockton's bill creating a board of control for the educational institutions of the State when reached on its second reading was made a special order for next Monday at 4:30 p. m., in order that it might be fully considered.

Dr. Crill's pure food bill was ordered printed, so that its provisions may be more fully understood before further consideration.

Judge Raney announced that the next hearing in the Baskin-Brown contest would be held at the usual place on Wednesday afternoon at 4 o'clock, and he stated that all were invited to attend. The Senate then adjourned.

On motion of Senator McCreary, the bill to create a general State board of trustees for all State educational institutions was made the special order in the Senate for Monday afternoon at 4:30 o'clock. The debate on this matter was most interesting. It was desired to call up the bill Wednesday, but after a short debate the Senator from Alachua carried his point. Several hundred copies were ordered printed.

Among the distinguished visitors to the Capital City are Mayor W. R. Thomas, Prof. J. M. Pound, Dr. J. F. McKinstry, Jr., Dr. J. L. Kelley and Sheriff L. W. Fennell of Gainesville, and Dr. J. D Watkins of Micanopy.

Anti-Tuberculosis League Meets.

Atlanta, April 18.—Delegates to the American Anti-Tuberculosis League began reaching Atlanta Sunday, and while there were not many arrivals during the day the ranks of the organization multiplied rapidly with the arrival of the night trains. The league will be called to order by Dr. George Brown, of Atlanta, Monday morning in the hall of house of representatives and it is almost an assured fact that several hundred of the leading physicians from all sections of the country will be in attendance when the league is ready for business. Over a thousand delegates representing leading national and state medical societies have been enrolled.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

Young Men Burned to Death.

Otis, Mass., April 18.—George McMahon, of Westfield, and Joseph Barrett, of Manchester, Conn., both young men, were found burned to death here in the ruins of a shanty occupied by an Italian known as "Johnny George" in Otis. The origin of the fire is a mystery, and there is some suspicion of foul play, although one explanation is that the men, returning to the shanty late, built a fire and went to sleep, and the building caught fire from an overheated stove. McMahon and Barrett were lumber men.

Women's Headaches

542 1-2 Congress Street.
PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelmina Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the unerring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today.

The governor of Iowa is working the "Iowa Idea" again. It is a hopeless task we fear, until the Republican party is defeated.

The creation of vast private fortunes out of monopolization of public utilities will soon be ended. The public is becoming "wise."

Mr. Carnegie's statement that he never said he desired to die poor shows that he is not so different from the rest of us after all.

"Who owns the railways?" asks an Iowa paper. We do not know, since Attorney Dodd has proved an alibi for the Standard Oil trust.

The Republicans are mighty anxious to reform the tariff and lower those schedules which "foster monopoly," only they don't dare to.

The Earl of Dufferin says that the only time that Lady Dufferin was ever referred to in print as "Kate" was in a Chicago newspaper.

The prospects of having their affairs ventilated in Congress has brought a good many railway "magnates" to the verge of nervous prostration.

The President may not have liked to see Chicago "go Democratic," but he certainly cannot consistently begrudge success to a man with thirteen children.

Prince Henry of Prussia is visiting Russia. We doubt if he will have half as good a time as he did in the United States, even if he does escape the ever present newspaper man.

A Philadelphia teacher has given one of his pupils a medal for bringing a collection of insects to school. We did the same thing once when we were young. What followed is too painful to relate.

The President has had to do some explaining with regard to his favorite term, "a square deal," down in Texas. Down there they generally deal around, beginning with the man on the left of the dealer.

The contract labor law and the Chinese immigration laws do not apply to the Panama Canal Zone. This is fortunate, perhaps, as the canal zone is not a place where many white men care to work anyway.

Chicago will now have an opportunity of demonstrating whether it is sufficiently up-to-date to run a municipal railroad free from political influence. In no other way can such an enterprise be made a success.

ONE-SIDED CO-OPERATION.

The Civic Association in sending out its literature says "in these days of lurid literature and indiscriminate denunciation of corporations, the enclosures referring to the Standard Oil Company are worth reading by thoughtful men. But few persons appreciate that that this is an age of organization, and that 'corporation' means 'co-operation.'"

It is easy to see from what standpoint the Civic Association views the trust question. It is not likely, however, to fool many people with the assertion that corporation means co-operation. Co operation cannot be properly used to describe a corporation. It is nothing but a vast partnership in which the business of the partnership is managed by a majority of the partners as measured by the amount of stock held.

In this case of the Standard Oil Company few persons hold a controlling interest and run the Standard Oil Company according to their personal ambitions and desires. Even the interests of the minority stockholders are not always regarded by the managers of a corporation. Sometimes the managers move the stock up and down for speculative purposes, and freeze out the small holders or cause them great loss. The employes of a corporation are not taken into consideration, and the persons who buy the product are not consulted. It is certainly a false use of the term co-operation to apply it to a corporation which acts as taskmaster in the employment of thousands of laborers and then acts as an extortioner in dealing with the consumers.

The Civic Association is doubtless engaged in a labor of love in its efforts to defend the trusts, but it will find it impossible to secure a very widespread approval of its pleas in behalf of the very one-sided co-operation which the corporation—especially a trust corporation—presents.

It was Friday night at the Leon. A brilliant party of ladies and gentlemen were in the hotel parlors. Speaker Gilchrist was a central figure. A photographer appeared. A flashlight picture was taken. There was an accompanying loud explosion. There was consequent dismay on the adjoining verandas. All except the veteran Senator from Alachua. He said: "I knew it would happen." "What?" said the charming lady in blue. "That Gilchrist was bound to explode. He hasn't had a chance to talk since they made him Speaker nearly two weeks ago. The only wonder is that the explosion didn't occur sooner."—Tallahassee correspondence Times-Union.

Those who have watched the progress of the reclamation service will be delighted at the appointment of Engineer Grunsky to supervise the work of building irrigation dams. He comes high, but money should not prove a consideration where a mistake might mean another Johnstown disaster.

There is little doing in the political line in Washington these days, although no day passes without some prominent politician coming to the Capital. Democrats generally say that the time for political discussion is inopportune; that it is better and wiser to wait for a while and see what the President and the new Congress will do; that it is too soon to make any predictions for 1908, and that the Congressional elections of 1906 will necessarily depend very largely on the action of the coming Congress. There is, nevertheless, a very general expectation among the Democratic leaders that the Congress will be ruled by the stand patters, and that if such proves to be the case the next House will have a Democratic majority.

ABSTRACT COMPANY IS INCORPORATED

Letters Patent Issued to Alachua County Abstract Company.

COMPANY ENJOYS PROSPERITY

Has Always Enjoyed a Good Business, But Has Changed Management Owing to Circumstances Over Which Nature Had No Control—The Officers.

Letters Patent have been issued by the State of Florida, through the proper channels, to the Alachua County Abstract Company, with the result that that corporation is now a full-fledged corporation, doing business under the prescribed laws of the State of Florida This does not mean that the Alachua County Abstract Company is going into the corporation business like some of the fellows we read about, but it means a mutual benefit and protection to the owners and to the public—a benefit which must naturally accrue to both.

The Alachua County Abstract Company has been here for several years. It was established many years ago, and has passed through several hands and several managements—not because it has not been a profitable investment and furnished profitable information, but simply by conditions and circumstances arising from time to time which meant a change. B. R. Colson, the present secretary and treasurer, absorbed the business at the death of W. C. Jackson, with whom he was associated at that time, and has always conducted the business and affairs in a manner commendable. The stock in trade of the company is a large and carefully prepared set of abstract books, from which valuable items of information to those interested have been secured, and which will in future serve to protect the prospective buyer, as well as the present owner, from incorrectness in the matter of land records.

The present officers of the company are P. M. Colson, president; J. W. Blanding, vice-president; B. R. Colson, secretary and treasurer, and manager. The latter is a young man perfectly capable of handling the business entrusted to him, and the new company will no doubt be enabled, by its corporative prestige, to considerably increase its prestige and business

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by J. W. McCollum & Co.

Mr. McFarlane Here.

Among the prominent Floridians visiting this city Tuesday was Hon. M. B. McFarlane of Tampa, collector of customs for that port.

Mr. MacFarlane, aside from being a friend personally of Hons. Walter G. Robinson and Henry S Chubb, is quite an agreeable fellow, which makes him "good" as far as popularity is concerned here. Another thing that makes him popular in Gainesville is the fact that he never fails to compliment the city and its people, and declares that he believes Gainesville is the best interior city in the State. All this tends to make the gentleman popular with the masses of the city; but he is so clever and so conservative otherwise that those who known him cannot help but express the highest admiration for him and his excellent character as a man and a gentleman.

Mr. McFarlane departed yesterday for his home in Tampa. He is an enthusiastic Odd Fellow, and while here enjoyed the hospitality of his comrades of the Grand Lodge, to the membership of which he is entitled.

POTATO AND MELON CROP PLENTIFUL

Acreage Will be Large in Santa Fe Section Coming Season.

POTATOES ARE IN BLOOM

The Immense Tracts of T. S. Williams and Co., and Santa Fe Produce Company, Will Bear Prolificly—Good Results Anticipated in Other Fields.

Santa Fe, April 18.—The crop prospect is very good here. The farmers are well up with their work; good stands generally of all crops, especially cotton, of which there is a large crop planted.

Owing to the forward spring weather crops are somewhat in advance of last year and are looking well. The rain on Saturday was hailed with joy by the farmers.

The writer yesterday had the pleasure of a pleasant ride over the T. S. Williams Co.'s potato farm in company with its genial and clever superintendent, A. L. Holstein, who is always ready to show those that come the farm and make them feel at ease by his kind hospitality. The farm is located one and one-half miles north of Santa Fe, on what is known as the Barry farm. It is indeed a lovely sight to look upon. The potatoes are now in full bloom and will no doubt give a large yield. Supt. Holstein claims that they are the finest he has ever seen in Florida. He will commence shipping by the first of May.

The writer also visited the farm of the Santa Fe Produce Company, one mile south of the station. It is superintended by J. A. Williams of Alachua. They have thirty-five acres in potatoes that are equal to those of Welborn & Co's.

Several farmers have small patches in potatoes, from one to six acres, which promise an equal yield. Labor will be in great demand here to gather the potato and melon crop.

There are 300 acres in melons in this vicinity which are looking fine, and if they prove a large yield one can guess that there will be something doing to lift the crop of potatoes and melons.

There was a lively time in the Baird quarters Saturday, it being pay day at the mill. As usual, when the train arrives on Friday night those suspicious boxes marked "glass" are put off to make the average "coon" happy, and arouse that well-known brute instinct in him to gamble and fight, which they proceeded to do Saturday. When the scene closed and the scent and smoke of the battle blew over, one could find patches of wool and blood but no "coons." The officers, we are informed, have found some of them with disfigured "mugs" minus wool only in patches.

Grandpapa Futch, who has been on a ten days' visit to relatives at Alachua and High Springs, is expected home today.

Mrs. W. M. Blitch, who has been visiting her daughter, Mrs. J. J. Godwin of Rex, returned home Friday. She was accompanied by her little granddaughter, Jewel Godwin, who will spend some time with her grandparents.

J. E. and J. S. Futch, merchants of Alachua, visited Santa Fe Thursday.

Elias Osteen of Willeford, deputy sheriff of that district, was visiting his brother, Andrew Osteen of Santa Fe, last week.

A certain young lady in this community has found a way to dispose of the surplus cotton without burning. Those that are curious to know can find out by communicating with a certain young man in Santa Fe who made the discovery on the first of April at dinner while eating fried puffs.

Dispute Over Whisky Causes Fight.

St. Augustine, Fla., April 18.—Because of a misunderstanding of the division of a lot of cheap whisky Mayo Hay is in the county jail and his father-in-law, L. F. Kersey, is in the railway hospital here dangerously stabbed. The men, it is said, became angered at each other in an attempt to divide an express shipment of whisky while in their home at Hastings last Saturday afternoon.

LYNCHING NARROWLY AVERTED.

Negro Stabs White Farmer and Officer Barely Saves Prisoner.

Macon, Ga., April 18.—Han not cooler heads intervened this morning when a posse of white citizens and county officers arrested Jim Napier, a negro, a lynching would have been the result.

Sunday morning Tim Barlow, a white farmer, was stabbed in the neck by Napier. The cutting occurred at a negro baptising and was the result of the negro walking across a newly planted grounds leased by Barlow.

After he had stabbed Barlow, the negro ran to the swamps and was not captured until 3 o'clock. About 160 men surrounded him when he was secured, and many threats of lynching were heard.

Sheriff Robinson and others quieted the crowd and the negro was taken to jail. Barlow will recover.

NEGRO KILLS GEORGIA OFFICER

Officer Arrested Negro and Is Shot in Arm and Jugular Vein.

Albany, Ga., April 18.—John Manier, marshal of Pretrola, Ga., was shot and almost instantly killed last night by Pete Thomas, a negro.

Thomas had been creating some disorder, his conduct finally becoming such that the officer approached him with the intention of placing him under arrest.

The officer, knowing the negro to be a bad character, ordered him to throw up his hands. Thomas replied by presenting a revolver. The first shot shattered the marshal's arm and the second shot schattered the jugular vein and brought him to the ground.

Thomas then pumped the remaining bullets in his pistol into the prostrate body of the officer, who was dead when assistance reached him. At Thomas ran off a white man, who had run up, fired twice at his retiring form, and it afterward developed that both shots took effect, one in the hand and the other in the thigh.

The negro was captured by Sheriff Edwards.

He made the statement to the officer who arrested him that Manier was the sixth man whose life he had taken.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCellum & Co.

Negro Kills Wife and Self.

Beaufort, S. C., April 18.—A rather unusual tragedy occurred here early this morning, when Peter Atkins shot and instantly killed his wife, Elsie Adkins, and then tried to commit suicide by shooting himself. The parties mentioned are negroes. It seems that trouble has been brewing between these parties for some time, and Peter called his wife and little child out in the hall of her house and asked if she would live with him. She replied that she did not care to have anything more to do with him, whereupon he shot her three times.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit Mich.

MAN SLAIN BY FOUR NEGROES.

Is Shot Down in Public Road—Brother Barely Escaped.

Covington, Ga., April 18.—A horrible tragedy was committed near Broughton, a station on the Central railroad, 15 miles east of Covington last night.

Korsey Cranford, a white man, 22 years old, accompanied by his younger brother, Walter Cranford, was walking along the public road near the home of John Clark, was fired upon by four unknown negroes. Twelve shots were fired.

The older Cranford was killed outright, falling in the middle of the road within a few feet of his parents. Walter Cranford received the charge of one load of buck shot in his left arm. He outran the assassin and gave the alarm.

Young Cranford was not able to identify the murderers. Much excitement prevails in the community.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. Daniel.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Deputy Sheriff J. L. Lesley of Tampa is in the city. He is a prominent Odd Fellow, and is here for the purpose of attending the Grand Lodge and indirectly attending to some official business.

Dr. Kemp is a personal acquaintance and friend of Dr. J. H. Alderman, whom it is unnecessary to say will make it pleasant for him while here.

J. M. Tison of Ocala, who has been visiting friends and relatives in this city for the past few days, departed yesterday for Earleton, where he will spend a few days as the guest of his brother, A. D. Tison, and family. Mason states that while he is pleased with Gainesville and his friends here, he has a "kinder feelin'" for the Brick City and its people.

A certain lady states that she was "called down" a few nights ago for riding a bicycle on the sidewalk, on a street and at such a place as there were no street paving. She requests The Sun to ask, "Why it is that a lady is not permitted to ride upon the sidewalk, where there is no pavement in the street, when these same ladies note that sprinklers are allowed to run at night, and they get their hats wet and are caused other inconveniences from these sprinklers?"

A letter from W. W. Ashley, dated at Miami Sunday, states that he and his estimable sister, Mrs. Smith, are having a big time, but that they would not remain on the East Coast long, and would soon be coming back to Gainesville. They have decided to make Gainesville their future home. This is gratifying to their numerous friends here, and especially The Sun, since Mr. Ashley, who is one of the best editorial paragraphers in the country, has accepted a regular position on this paper.

Camp Company, manufacturers of lumber, and one of the most extensive concerns of the kind in the State. His friends here were glad to see him again.

The reporter was shown the delinquent tax list of the city yesterday, and the collector, in a very distressed manner, pointed out the names of many of the most prominent and largest tax-payers, who up to this date have failed to respond to his earnest appeals, and now he makes this last effort and requests the reporter to notify those interested that the list will be given The Sun for publication about the 25th inst. After this the costs will be added to the amount of taxes, therefore the collector begs that you take notice and govern yourselves accordingly.

Mr. and Mrs. Phillips of Ocala, who have decided to remain in this city and make it their future home, have secured quarters at the home of Mr. and Mrs. C. C. Powell, 207 West Liberty, where they will be glad to welcome their friends. These estimable people have made many friends during their various visits here who will be delighted to greet them again, and to know that they will be "one of us." Mr. Phillips will not only prove a valued addition to Gainesville in a commercial way as a member of the firm of Sternberger & Phillips, painters and decorators, but both he and his charming wife will add much to the social life of Gainesville.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

Nothing but the newest goods in all the newest shapes and materials will be offered. Most of you are wearing these Corsets now—to you little need be said; you are our strongest advocates. It was for the purpose of familiarizing every woman of this city with the many merits of AMERICAN LADY CORSETS that the manufacturers allowed us to make the following special offer:

Beginning Monday, April 17,
and Continuing to Saturday, April 22, Inclusive,

We will accept as 25c on the purchase price of each Corset one coupon, that is to say, during the above dates you can secure a $1.00 Corset for 75c, a $1.50 Corset for $1.25, $2.00 Corsets for $1.75, etc. Remember that AMERICAN LADY CORSETS have never been sold for less than $1.00, and that it is a rare occasion when you can buy this celebrated Corset at a reduced price.
